

2021 Western Wisconsin Conservation Council Member Conservation Practice Survey

Western Wisconsin Conservation Council (WWCC) requests current and future members take this brief survey to understand what conservation practices are being done on the land and to track our group's progress. **Identifying member information will remain confidential** and only aggregated results will be shared publicly. This information helps us report progress and the impact we are having to organizations that provide funding to our group for activities and share our progress with our community.

*****Surveys must be completed by November 15th to be eligible for cost-share.**

Please place a check mark in the column most applicable to you and your farm and **if you are using a tool or practice, please let us know how many acres that practice is used on**. If you have any questions while completing this survey, please email Jamie Fisher at jfisher@dairyforward.com or (920) 905-3446. **OR you can visit westernwisconservation.org to fill out the survey online.**

Are you a WWCC member? Yes _____ No _____ If not, would you like to become one Yes _____ No _____

Name: _____

Farm Name: _____

Address: _____

City: _____ St: _____ Zip: _____

E-mail address: _____

Phone: _____ Cell: _____

Farm type (circle) Dairy Beef Hog Crop Other (describe): _____

Cropland acres managed (include owned & rented total): _____ Pasture acres: _____

Grassland/CRP acres: _____ Forest acres: _____ Wetland acres: _____

Total livestock head (*Total youngstock + adult animals. If multiple species, include # of each, i.e. 100 dairy, 200 beef*):

Your most common crop rotation in recent years: _____

What programs or initiatives would you like to see WWCC pursue in the future?

Visit westernwisconservation.org to fill out the survey online!

Please return completed survey to jfisher@dairyforward.com or mail to
Western Wisconsin Conservation Council, Todd Doornink, PO Box 423, Baldwin, WI 54002

WESTERN WISCONSIN
CONSERVATION COUNCIL

Tool or practice	Yes	If yes, how many acres/miles/count in 2021?	No, but interested
Soil sampling (acres)		acres	
Plant tissue sampling (number of samples)		# of samples	
Manure sampling (number of samples)		# of samples	
Variable rate fertilizer application (acres)		acres	
Split Nitrogen Application (acres)		acres	
Nitrogen stabilizer (acres)		acres	
Are you following a 590-compliant Nutrient Management Plan (NMP)?		Circle: Farmer-written OR Qualified-planner written # of acres in your plan: _____ acres	
Cover crops (acres)		acres	
When were cover crops planted?		Circle: Fall OR Spring (you may circle both)	
No till (acres)		acres	
Reduced tillage (vert. till, strip till) (acres) <i>DO NOT INCLUDE NO-TILL ACRES, CHISEL PLOW, ETC.</i>		acres	
Of the acres planted with reduced tillage or no-till, how many of these acres also had cover crops (acres)		acres	
Planting green (acres)		acres	
Total grassed waterway (miles)		miles	
Buffer strips (miles)		miles	
Manure composting (yes/no)		Yes or No (circle)	
Low-disturbance manure injection (acres)		acres	
How many acres of no-till or strip-till do you also use manure injection (acres)		acres	
How many acres of your cover crops did you also use manure injection (acres)		acres	
Manure nutrient sensing technology (acres)		acres	

Please return completed survey to jfisher@dairyforward.com or mail to Western Wisconsin Conservation Council, Todd Doornink, PO Box 423, Baldwin, WI 54002
